HIT Celebrates 50th Anniversary Fun Day at Hong Kong Maritime Museum Welcomes Public to Explore Hong Kong Maritime Developments

(Hong Kong, 25 November 2019) In celebration of its 50th anniversary, Hongkong International Terminals (HIT) sponsors complimentary admission to the Hong Kong Maritime Museum (HKMM) on “HIT 50th Anniversary Fun Day”, scheduled for 1 December 2019 (Sunday). The fun day will present an opportunity for the public to discover and explore Hong Kong’s maritime history and developments.

Mr. Leonard Fung, Managing Director of HIT said, “For 50 years, HIT has spearheaded the industry to strive for excellence in productivity, operational efficiency, application of state-of-the-art technology and terminal safety. We have also vigorously strengthened our competitiveness, making Hong Kong a premier regional hub port. With our effort, Hong Kong’s trading and logistics has become a pillar industry Hong Kong people are proud of. Meanwhile, HIT is relentlessly committed to corporate social responsibility in environmental protection, education and community services.”

“Evolving from a tiny fishing village to one of the world’s busiest container ports, Hong Kong’s remarkable achievements in maritime industry are the fruit of the joint efforts of everyone in the workforce. HIT, being at the forefront of the maritime industry, has been a significant part of the city’s port for the past half-century. The “HIT Gallery”, displayed at HKMM, brings together the memories of the maritime industry and unearths untold, behind-the-scenes stories about the prosperity brought about by the container terminals,” Mr. Fung added.

As a CSR partner of HKMM, HIT has been supporting the museum’s developments for many years. The “HIT 50th Anniversary Fun Day” allows visitors to partake in a wide variety of activities. For instance, the “Ship Bridge Simulator” immerses visitors in an authentic sea journey in Kwai Tsing Container Terminals; “HIT’s Extraordinary 50-year Journey” video showcases the unparalleled development of the container terminals; and Docent Tours expose visitors to the maritime world and lets them discover the maritime history of Hong Kong.
